MODEL 6

PIECES 90

Skills Developed

Dear Friends!

Zephyr brings yet another international engineering set of Mechanix for you, to have fun & learn. This set contains 90 pieces, crafted from high quality steel, which are powder coated, superior plastics & selected tools which will be friendly to your hands so that you have fun while creating various models. You can use these parts over & over again to create at least 6 models and many more as far as your imagination flies.

So come on get started!

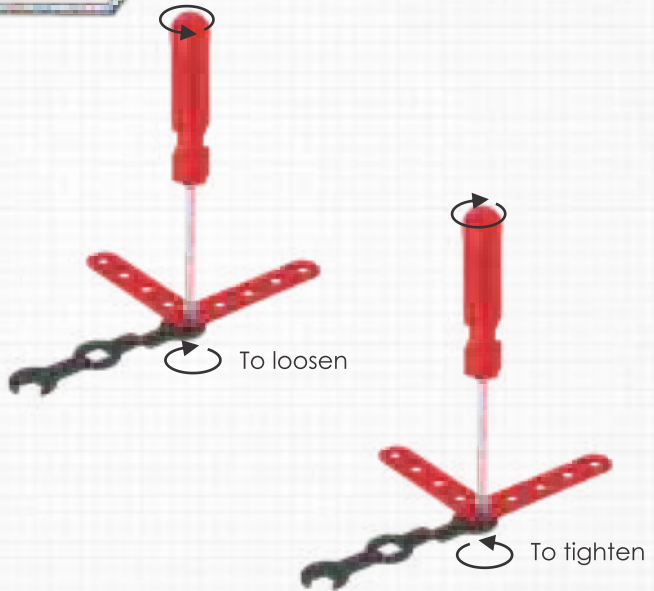

● Basic Fitting Techniques

Step - 1

- Hold the nut using your finger and use the screw driver to fix the bolt.

Step - 2

- Hold the nut with the spanner and tighten the bolt firmly with screw driver.

Hold spanner in place while turning screw driver

SAFETY

- All parts of Mechanix sets are completely safe for builders of the recommended age group and confirm to European safety standards.
- Specially designed screwdriver, with a blunt tip, prevents slippage and makes the Mechanix set absolutely safe.

SKILL BUILDING

- All Mechanix sets start with an easy to construct model and gradually the models become more challenging as the skill of the builder grows.
- An easy to understand, step by step manual is provided to guide the builder initially, till he/she is confident to handle the construction on their own. This makes it an enjoyable learning experience.
